

A blind person cannot make themselves see

It's the same in the spiritual realm – sight comes from God through the Holy Spirit

**Seeking God's acceptance through rule
keeping leads to failure and condemnation**

**We find acceptance with God through grace,
the finished and complete work of Christ**

**Our view of ourselves is coloured
by the filters that we see ourselves
through, our upbringing, our
culture, our society**

**The world talks about karma – you
get what you deserve**

God views us
through the
eyes of love and
grace – we get
what we don't
deserve

I am the light
of the world

John 9 v 5

We find ourselves standing where we always hoped we might stand – out in the wide open spaces of God's glory and grace, standing tall and shouting our praise

Rom 5 v 2-5 Message
